

SEMINAR SERIES

courtesy of Nancy Judd

Images courtesy of Cedar McKay, UW School of Oceanography, except as noted.

**Every 2nd and 4th Tuesday
at UW in FSH108**
[2:30 - 3:30 pm]

This series encourages communication among scientists, students and others interested in the complex interactions of oceans and human health. Speakers and articles will bridge disciplines, highlight cross-cutting issues, and expand awareness of the role of our oceans on human health. Everyone interested in those topics is welcome to attend.

Students who would like to receive credit | contact Micaela Parker
at micaela@u.washington.edu

For more information | contact Lisa Younglove
at (206) 616-3439 or lry@u.washington.edu
